LET US INTRODUCE OURSELVES

Mc & Sons is a traditional old Irish pub set in the heart of Vauxhall and built on the memories and lives of the McElhinney family with their heritage adorning the walls with pictures of the family through the generations.

Wander in and you might even find a member of the family itself propping up the bar, or pulling a pint. Mc & Sons is a simple, honest pub for hard-working locals and commuters alike to step inside and back in time.

Located within minutes of Vauxhall stations and close to both the pleasure gardens and the Oval cricket ground, those that stumble upon it might feel like they're in Maynooth itself. Inside it's an eclectic mix of Thai Street food and authentic snugs, a back street gem to while away an afternoon or evening catching up with friends and family. Our private dining room and rooftop garden – Berna's – offers a boutique private room available for family gatherings, drinks with friends and corporate events too.

Berna’s

The Berna’s Room can accommodate up to 20 guests when seated or up to 40 when standing. It’s an excellent choice for family feasts or cocktail gatherings.

Set above our charming pub, our dedicated team are prepared to deliver exceptional service during your event.

The atmosphere is enriched by natural lime-washed walls and wooden floors in a private setting, creating a warm and inviting ambiance. Seamlessly connected to Berna’s, is our rooftop garden bringing you your own private outside space to enjoy.

Private bookings are kindly asked to vacate Berna’s by 11pm and if you are willing to carry on the celebration downstairs, please check with our team if our snug is available so we can book you a small base for afterwards. Fridays and Saturdays are lively here at Mc & Sons, with live trad music and great craic into the early hours.

Integrated AV equipment is on hand should it be required.
